

# ANSI/CEA/CEDIA/InfoComm Standard

## Audio, Video and Control Architectural Drawing Symbols Standard

ANSI-J-STD-710  
(CEA/CEDIA-2039)

January 2015

## NOTICE

Consumer Electronics Association (CEA®)/Custom Electronic Design and Installation Association (CEDIA®) Standards, Bulletins and other technical publications are designed to serve the public interest through eliminating misunderstandings between manufacturers and purchasers, facilitating interchangeability and improvement of products, and assisting the purchaser in selecting and obtaining with minimum delay the proper product for his particular need. Existence of such Standards, Bulletins and other technical publications shall not in any respect preclude any member or nonmember of CEA/CEDIA from manufacturing or selling products not conforming to such Standards, Bulletins or other technical publications, nor shall the existence of such Standards, Bulletins and other technical publications preclude their voluntary use by those other than CEA/CEDIA members, whether the standard is to be used either domestically or internationally.

Standards, Bulletins and other technical publications are adopted by CEA/CEDIA in accordance with the American National Standards Institute (ANSI) patent policy. By such action, CEA/CEDIA does not assume any liability to any patent owner, nor does it assume any obligation whatever to parties adopting the Standard, Bulletin or other technical publication.

This document does not purport to address all safety problems associated with its use or all applicable regulatory requirements. It is the responsibility of the user of this Standard to establish appropriate safety and health practices and to determine the applicability of regulatory limitations before its use.

This document is copyrighted by the Consumer Electronics Association (CEA®)/Custom Electronic Design and Installation Association (CEDIA®)/InfoComm International® and may not be reproduced, in whole or part, without written permission. Federal copyright law prohibits unauthorized reproduction of this document by any means. Organizations may obtain permission to reproduce a limited number of copies by entering into a license agreement. Requests to reproduce text, data, charts, figures or other material should be made to CEA, CEDIA and InfoComm.

(Formulated under the cognizance of the CEA/CEDIA **R10 Residential Systems Committee**.)

## Audio, Video and Control Architectural Drawing Symbols Standard

### 1. Scope

This document provides a standardized set of architectural floor plan and reflected ceiling plan symbols for audio, video and control systems, with associated technologies such as environmental control and communication networks. It also includes descriptions and guidelines for the use of these symbols.

### 2. References

#### 2.1. Normative References

The following specifications and documents contain provisions that, through reference in this text, constitute normative provisions of this standard. At the time of publication, the editions indicated were valid. All specifications and documents are subject to revision, and parties to agreements based on this standard are encouraged to investigate the possibility of applying the most recent editions of the specifications and documents listed here.

##### 2.1.1. Normative Reference List

CSI MasterFormat (2012)

ISO 13567-2: 1998, Technical product documentation – Organization and naming of layers for CAD – Part 2: Concepts, format and codes used in construction documentation

U.S. National CAD Standard, V5, Uniform Drawing System Module 3 – Schedules, Module 5 – Terms and Abbreviations, Module 6 – Symbols (2011)

##### 2.1.2. Normative Reference Acquisition

The Construction Specifications Institute (CSI); 110 South Union Street, Suite 100, Alexandria, VA 22314; Phone: 800-689-2900; Fax: 703-236-4600; [www.csinet.org](http://www.csinet.org)

International Organization for Standardization, ISO Central Secretariat, 1, ch. de la Voie-Creuse, CP 56 - CH-1211 Geneva 20, Switzerland; Phone: +41 22 749 01 11; Fax: +41 22 733 34 30; [www.iso.org](http://www.iso.org)

National Institute of Building Sciences, 1090 Vermont Avenue N.W., Suite 700, Washington, DC 20005; Phone: 202-289-7000; Fax: 202-289-1092; [www.nibs.org](http://www.nibs.org)

#### 2.2. Informative References

The following specifications and documents contain provisions that, through reference in this text, constitute informative provisions of this standard. At the time of publication, the editions indicated were valid. All specifications and documents are subject to revision, and parties to agreements based on this standard are encouraged to investigate the possibility of applying the most recent editions of the specifications and documents listed here.

##### 2.2.1. Informative Reference List

ANSI/TIA/EIA-606-A, Administration Standard for the Telecommunications Infrastructure of Commercial Buildings, May (2002)

ANSI/ASHRAE-134-2005, Ventilating, Air-Conditioning, and Refrigerating Systems, February (2005)

BICSI ITS Dictionary, Third Edition, (2006)
