

Contents	Page
1 Scope	1
2 Objectives.....	1
3 Planning requirements	2
3.1 Supervision.....	2
3.2 Selecting procedures and cleaning agents.....	2
4 Precleaning	5
5 Steam or hot water cleaning.....	5
5.1 Materials.....	5
5.2 Steam cleaning.....	5
5.3 Hot water cleaning.....	6
5.4 Removal of cleaning agents	6
6 Caustic cleaning	6
6.1 Materials.....	6
6.2 Caustic cleaning procedures	7
6.3 Rinsing.....	7
6.4 Drying.....	7
7 Acid cleaning	7
7.1 Selection of cleaning agent	7
7.2 Equipment	8
7.3 Cleaning procedure	8
7.4 Rinsing.....	8
7.5 Drying.....	8
8 Solvent washing (including ultrasonic cleaning).....	8
8.1 Solvent washing	8
8.2 Ultrasonic cleaning	8
8.3 Materials.....	8
8.4 Washing equipment.....	8
8.5 Control of solvent cleanliness.....	9
8.6 Removal of solvents	10
9 Vapor degreasing	10
9.1 Equipment	10
9.2 Materials for vapor degreasing.....	11
9.3 Vapor degreasing procedure.....	11
10 Mechanical cleaning.....	11
10.1 Blast cleaning	11
10.2 Wire brushing or grinding	11
10.3 Tumbling.....	11
10.4 Vacuuming and swabbing	11
10.5 Blowing and purging	12
11 Inspection	12
11.1 Approval of quality control procedures and standards	12
11.2 Inspection procedures	12
12 Packaging and labeling	14
12.1 Protection from recontamination.....	14
12.2 Labeling.....	14

13	Personnel safety.....	15
13.1	Instructions and supervision.....	15
13.2	Dangerous chemicals.....	15
13.3	Protective equipment.....	15
13.4	Proper ventilation.....	15
13.5	Special situations.....	16
14	References.....	16
15	Additional references.....	17
