

Contents	Page
1 Introduction.....	1
2 Scope	1
3 Definitions.....	1
4 Current good manufacturing practices and modern quality system principles	2
4.1 Quality	2
4.2 Quality by design and product development	2
4.3 Quality risk management.....	2
4.4 Corrective and preventive actions	2
4.5 Change control	2
4.6 Quality unit.....	2
4.7 Six system inspection model	2
5 Quality system model for the medical gases industry	3
5.1 General.....	3
5.2 Management responsibilities	3
5.3 Resources	5
5.4 Manufacturing.....	6
5.5 Evaluation activities	7
5.6 Conclusion.....	9
6 References	9
