

Contents	Page
1 Introduction.....	1
2 Scope	1
3 Definitions.....	1
3.1 Bulge	1
3.2 Cryogenic liquid	1
3.3 Flat spot.....	1
3.4 Kink.....	1
3.5 Maximum allowable working pressure (MAWP)	1
3.6 Visual inspection criteria.....	1
4 Cryogenic hose	1
4.1 Uninsulated hose.....	1
4.2 Vacuum-insulated hose	2
4.3 Composite hose.....	2
5 In-service inspection by transfer operator	2
5.1 Qualification of the transfer operator	2
5.2 Frequency of the transfer operator inspection.....	2
5.3 Transfer operator inspection.....	2
6 Maintenance inspection.....	3
6.1 Qualification of maintenance inspector.....	3
6.2 Frequency of maintenance inspection.....	3
6.3 Maintenance inspection procedure	3
7 Visual inspection criteria.....	3
7.1 Inspection of sections protected with armor casing.....	3
7.2 Inspection of sections without armor casing.....	4
8 Hose repair	5
8.1 General.....	5
8.2 Pressure testing.....	5
8.3 Qualification marking and documentation	6
9 Removal from service.....	6
10 References	6
 Table	
Table 1—Rejection criteria for armor casing.....	4
