DS projekt: M362664

ICS: 97.140

Første del af denne publikations betegnelse er:

DS/EN, hvilket betyder, at det er en europæisk standard, der har status som dansk standard.

Denne publikations overensstemmelse er:

IDT med: EN 1725:2023

DS-publikationen er på engelsk.

Denne publikation erstatter: [DS/EN 1725:1998](#)

I tilfælde af redaktionelle fejl i DS-publikationen kan der skrives til:

editorial-mistakes@ds.dk

ADVARSEL: DS-publikationer revideres over tid. Derudover kan sådanne publikationer ændres ved rettelserblade og/eller tillæg. Der kan også udgives rettelserblade, der udelukkende angår oversættelsen af en publikation. Det er derfor vigtigt at sikre sig, at man benytter en gældende udgave, medmindre fx lovgivning kræver andet. Den enkelte publikations status fremgår af <https://webshop.ds.dk/>. Her kan man desuden tilmelde sig en gratis notifikationservice og følge en udgivet DS-publikations udvikling ved at klikke på "Følg standarden".

EUROPÄISCHE NORM

November 2023

ICS 97.140

Supersedes EN 1725:1998

English Version

Furniture - Beds - Requirements for safety, strength and durability

Meubles - Lits - Exigences de
sécurité, solidité et durabilité

Möbel - Betten - Anforderungen an Sicherheit,
Festigkeit und Dauerhaltbarkeit

This European Standard was approved by CEN on 22 October 2023.

CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration. Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the CEN-CENELEC Management Centre or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the CEN-CENELEC Management Centre has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Bulgaria, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Republic of North Macedonia, Romania, Serbia, Slovakia, Slovenia, Spain, Sweden, Switzerland, Türkiye and United Kingdom.

European foreword

This document ([EN 1725:2023](#)) has been prepared by Technical Committee CEN/TC 207 “Furniture”, the secretariat of which is held by UNI.

This European Standard shall be given the status of a national standard, either by publication of an identical text or by endorsement, at the latest by month May 2024, and conflicting national standards shall be withdrawn at the latest by May 2024.

Attention is drawn to the possibility that some of the elements of this document may be the subject of patent rights. CEN shall not be held responsible for identifying any or all such patent rights.

This document supersedes [EN 1725:1998](#).

In comparison with the previous edition [EN 1725:1998](#), the following technical modifications have been made:

- addition of horizontal test methods;
- addition of test method for durability of electrically operated bed mechanism;
- reference to the test methods of [ISO 19833:2018](#);
- introduction of requirements for guest beds;
- introduction of requirement for non-domestic use;
- introduction of information for use;
- addition of requirements for strength and durability;
- addition of entanglement hazards.

Any feedback and questions on this document should be directed to the users’ national standards body. A complete listing of these bodies can be found on the CEN website.

According to the CEN-CENELEC Internal Regulations, the national standards organisations of the following countries are bound to implement this European Standard: Austria, Belgium, Bulgaria, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Republic of North Macedonia, Romania, Serbia, Slovakia, Slovenia, Spain, Sweden, Switzerland, Türkiye and the United Kingdom.

Furniture – Beds – Requirements for safety, strength and durability

1 Scope

This document specifies requirements on safety, strength and durability for all types of fully assembled beds used by adults in domestic and non-domestic environments including their components, such as bed frames, bed bases, mattresses and mattress pads (when they form a unit with the mattress) and, when supplied with the bed base, mattresses and mattress pads.

The tests are based on use by persons weighing up to 110 kg.

With the exception of sleeping functions, it does not apply to foldaway beds.

It does not apply to bunk beds, high beds and medical beds where separate standards exist, as well as waterbeds and air beds.

Additional requirements can be applicable to items that have additional functions, e.g. storage features, day beds and convertible sofa-beds.

The durability test, [6.6.1](#), test 11, applies only to electrically operated beds.

It does not include requirements for the resistance to ageing, degradation, flammability and electrical safety.

[Annex A](#) (normative) specifies test methods for finger entrapment.

[Annex B](#) (informative) gives a rationale.

2 Normative references

The following documents are referred to in the text in such a way that some or all of their content constitutes requirements of this document. For dated references, only the edition cited applies. For undated references, the latest edition of the referenced document (including any amendments) applies.

[EN 1728:2012](#)¹⁾, *Furniture — Seating — Test methods for the determination of strength and durability*

[EN 13759:2012](#), *Furniture — Operating mechanisms for seating and sofa-beds — Test methods*

[EN ISO 2439](#), *Flexible cellular polymeric materials — Determination of hardness (indentation technique)*
(ISO 2439)
