FIELD-FABRICATED TILING KITS

PS 46 – 2006a

1. PURPOSE

- 1.1** The purpose of this standard is to supply supplemental information for field-fabricated tiling kits. Its purpose is to serve as a guide for producers, distributors, architects, engineers, contractors, installers, inspectors and users; to promote understanding regarding materials and manufacture, and to provide for identifying field-fabricated tiling kits.
- 1.2** The provisions of this standard are not intended to prevent the use of any alternate material or method of construction, provided any such alternate meets the intent and requirements of document and changes are amended to this standard.

2. SCOPE

- 2.1** This standard covers requirements for field-fabricated tiling kits. This standard covers methods of testing, other significant properties in addition to the method of marking and identification.

3. REFERENCED DOCUMENTS

- 3.1** All standards referenced herein shall be the current edition of those standards.
