Chapter 1 Administration

1.1 Scope.
1.2 Purpose.
1.3 Application.
1.4 Retroactivity.
1.5 Equivalency.
1.6 Symbols, Units, and Formulas.
1.7 Code Adoption Requirements. (Reserved)
1.8 Permits. (Reserved)
1.9 Enforcement.

Chapter 2 Referenced Publications

2.1 General.
2.2 NFPA Publications.
2.3 Other Publications.
2.4 References for Extracts in Mandatory Sections.

Chapter 3 Definitions

3.1 General.
3.2 NFPA Official Definitions.
3.3 General Definitions.

Chapter 4 Definition and Classification of Liquids

4.1 Scope.
4.2 Definitions Specific to Chapter 4.
4.3 Classification of Liquids.
4.4 Determination of Flash Point.
4.5 Relationship to Other Classification Systems. (Reserved)

Chapter 5 General Requirements (Reserved)

Chapter 6 Fire and Explosion Prevention and Risk Control

6.1 Scope.
6.2 Definitions Specific to Chapter 6.
6.3 Management of Fire and Explosion Hazards.
6.4 Hazards Analysis.
6.5 Control of Ignition Sources.
6.6 Detection and Alarm Systems and Procedures.
6.8 Emergency Planning and Training.
6.9 Inspection and Maintenance.
6.10 Management of Security.

Chapter 7 Electrical Systems

7.1 Scope.
7.2 Definitions Specific to Chapter 7. (Reserved)
Chapter 9 Storage of Liquids in Containers — General Requirements

9.1 Scope.
9.2 Definitions Specific to Chapter 9.
9.3 General Requirements.
9.4 Acceptable Containers.
9.5 Flammable Liquids Storage Cabinets.
9.6 Maximum Allowable Quantities (MAQs) per Control Area.
9.7 Control Areas.
9.8 Classification of Occupancies That Exceed the Maximum Allowable Quantities of Liquids per Control Area.
9.9 Construction Requirements.
9.10 Fire Protection.
9.11 Emergency Control Systems. (Reserved)
9.12 Electrical Systems.
9.13 Containment, Drainage, and Spill Control.
9.14 Ventilation.
9.15 Exhausted Enclosures. (Reserved)
9.16 Explosion Control.
9.17 Separation from Incompatible Materials.
9.18 Dispensing, Handling, and Use of Liquids in Storage Areas.
9.19 Outdoor Storage of Liquids.

Chapter 10 Storage of Liquids in Containers — Mercantile Occupancies

10.1 Scope.
10.2 Definitions Specific to Chapter 10. (Reserved)
10.3 General Requirements.
10.4 Reserved.
10.5 Reserved.
10.6 Reserved.
10.7 Control Areas.
10.8 Specific Restrictions.
10.9 Construction Requirements.
10.10 Fire Protection.
10.11 Emergency Control Systems. (Reserved)
10.12 Electrical Systems.
10.13 Containment, Drainage, and Spill Control.
10.14 Ventilation.
10.15 Exhausted Enclosures. (Reserved)
10.16 Explosion Control. (Reserved)
10.17 Separation from Incompatible Materials.
10.18 Dispensing, Handling, and Use of Liquids in Mercantile Occupancies.
10.19 Outdoor Storage of Liquids.

Chapter 11 Storage of Liquids in Containers — Industrial Occupancies

11.1 Scope.
11.2 Definitions Specific to Chapter 11. (Reserved)
11.3 General Requirements.
Chapter 12 Storage of Liquids in Containers — Storage Occupancies

12.1 Scope.
12.2 Definitions Specific to Chapter 12.
12.3 General Requirements.
12.4 Reserved.
12.5 Reserved.
12.6 Maximum Allowable Quantities and Maximum Storage Heights.
12.7 Control Areas.
12.8 General-Purpose Warehouses.
12.9 Construction Requirements.
12.10 Fire Protection.
12.11 Emergency Control Systems. (Reserved)
12.12 Electrical Systems.
12.13 Containment, Drainage, and Spill Control.
12.14 Ventilation.
12.15 Exhausted Enclosures. (Reserved)
12.16 Explosion Control.
12.17 Separation from Incompatible Materials.
12.18 Dispensing, Handling, and Use of Liquids in Storage Occupancies.
12.19 Outdoor Storage of Liquids.

Chapter 13 Storage of Liquids in Containers — Detached, Unprotected Buildings

13.1 Scope.
13.2 Definitions Specific to Chapter 13. (Reserved)
13.3 General Requirements.
13.4 Reserved.
13.5 Reserved.
13.6 Maximum Allowable Quantities and Maximum Storage Heights.
13.7 Control Areas. (Reserved)
13.8 Reserved.
13.9 Construction Requirements.
13.10 Fire Protection.
13.11 Emergency Control Systems. (Reserved)
13.12 Electrical Systems.
13.13 Containment, Drainage, and Spill Control.
13.14 Ventilation.
13.15 Exhausted Enclosure. (Reserved)
13.16 Explosion Control.
13.17 Separation from Incompatible Materials.
13.18 Dispensing, Handling, and Use of Liquids in Detached, Unprotected Buildings.
13.19 Outdoor Storage of Liquids.

Chapter 14 Hazardous Materials Storage Lockers

14.1 Scope.
14.2 Definitions Specific to Chapter 14. (Reserved)
14.3 General Requirements.
14.5 Designated Sites for Hazardous Materials Storage Lockers.
14.6 Storage Requirements.

Chapter 15 Outdoor Storage
Chapter 15 Outdoor Storage Adjacent to a Building

15.1 Scope.
15.2 Definitions Specific to Chapter 15. (Reserved)
15.3 General Requirements.
15.4 Outdoor Storage Adjacent to a Building.

Chapter 16 Automatic Fire Protection for Inside Liquid Storage Areas

16.1 Scope.
16.2 Definitions Specific to Chapter 16.
16.3 General Requirements.
16.5 Fire Protection System Design Criteria.
16.6 Fire Protection System Design Schemes.
16.7 Water Supply.
16.8 Containment, Drainage, and Spill Control.
16.9 Other Automatic Fire Protection Systems.

Chapter 17 Processing Facilities

17.1 Scope.
17.2 Definitions Specific to Chapter 17. (Reserved)
17.3 General Requirements.
17.4 Location of Process Vessels and Equipment.
17.5 Accessibility.
17.6 Construction Requirements.
17.7 Fire Protection. (Reserved)
17.8 Emergency Control Systems. (Reserved)
17.9 Electrical Systems.
17.10 Containment, Drainage, and Spill Control.
17.11 Ventilation.
17.12 Explosion Control. (Reserved)
17.13 Process Structures. (Reserved)
17.14 Process Equipment and Vessels.
17.15 Management of Operations Hazards.

Chapter 18 Dispensing, Handling, Transfer, and Use of Liquids

18.1 Scope.
18.2 Definitions Specific to Chapter 18. (Reserved)
18.3 General Requirements.
18.4 Dispensing, Handling, Transfer, and Use.
18.5 Incidental Operations.
18.6 Ventilation for Dispensing Areas.

Chapter 19 Specific Operations

19.1 Scope.
19.2 Definitions Specific to Chapter 19.
19.3 General Requirements. (Reserved)
19.5 Vapor Recovery and Vapor Processing Systems.
19.6 Solvent Distillation Units.
19.7 Cooking Oil Storage Tank Systems in Commercial Kitchens.

Chapter 20 Reserved
Chapter 21 Storage of Liquids in Tanks — Requirements for All Storage Tanks

21.1 Scope.
21.2 Definitions Specific to Chapter 21.
21.3 General Requirements.
21.4 Design and Construction of Storage Tanks.
21.5 Testing Requirements for Tanks.
21.6 Fire Prevention and Control.
21.7 Operation of Storage Tanks.
21.8 Inspection and Maintenance of Storage Tanks and Storage Tank Appurtenances.
21.9 Change of Stored Liquid.

Chapter 22 Storage of Liquids in Tanks — Aboveground Storage Tanks

22.1 Scope.
22.2 Definitions Specific to Chapter 22.
22.3 General Requirements.
22.4 Location of Aboveground Storage Tanks.
22.5 Installation of Aboveground Storage Tanks.
22.6 Vent Piping for Aboveground Tanks.
22.7 Emergency Relief Venting for Fire Exposure for Aboveground Storage Tanks.
22.8 Fire Protection for Aboveground Storage Tanks.
22.9 Additional Requirements for Fire-Resistant Aboveground Storage Tanks.
22.10 Additional Requirements for Protected Aboveground Storage Tanks.
22.11 Control of Spills from Aboveground Storage Tanks.
22.12 Equipment, Piping, and Fire Protection Systems in Remote Impoundment Areas and Diked Areas.
22.13 Tank Openings Other than Vents.
22.14 Aboveground Storage Tanks Located in Areas Subject to Flooding.
22.15 Collision Protection for Aboveground Storage Tanks.
22.16 Installation Instructions for Aboveground Storage Tanks.
22.17 Inspection and Maintenance of Aboveground Storage Tanks.

Chapter 23 Storage of Liquids in Tanks — Underground Tanks

23.1 Scope.
23.2 Definitions Specific to Chapter 23. (Reserved)
23.3 General Requirements.
23.4 Location of Underground Storage Tanks.
23.5 Installation of Underground Storage Tanks.
23.6 Normal Venting for Underground Storage Tanks.
23.7 Reserved.
23.8 Reserved.
23.9 Reserved.
23.10 Reserved.
23.11 Control of Spills from Underground Storage Tanks. (Reserved)
23.12 Reserved.
23.13 Tank Openings Other than Vents.
23.14 Underground Storage Tanks Located in Areas Subject to Flooding.
23.15 Reserved.
23.16 Installation Instructions for Underground Storage Tanks.
23.17 Inspection and Maintenance of Underground Storage Tanks.

Chapter 24 Storage Tank Buildings
Chapter 24 Storage Tank Buildings

24.1 Scope.
24.2 Definitions Specific to Chapter 24. (Reserved)
24.3 General Requirements. (Reserved)
24.4 Location of Storage Tank Buildings.
24.5 Construction of Storage Tank Buildings.
24.6 Fire Protection for Storage Tank Buildings.
24.7 Emergency Control Systems for Storage Tank Buildings. (Reserved)
24.8 Electrical Systems for Storage Tank Buildings.
24.9 Containment, Drainage, and Spill Control from Storage Tank Buildings.
24.10 Ventilation for Storage Tank Buildings.
24.11 Reserved.
24.12 Explosion Control. (Reserved)
24.14 Tank Openings Other than Vents for Tanks Inside Storage Tank Buildings.
24.16 Inspection and Maintenance for Storage Tank Buildings.

Chapter 25 Storage Tank Vaults

25.1 Scope.
25.2 Definitions Specific to Chapter 25. (Reserved)
25.3 General Requirements.
25.4 Location of Storage Tank Vaults.
25.5 Construction and Installation of Storage Tank Vaults.
25.6 Fire Protection for Storage Tank Vaults.
25.7 Emergency Controls for Storage Tank Vaults. (Reserved)
25.8 Electrical Systems for Storage Tank Vaults.
25.9 Containment, Drainage, and Spill Control for Storage Tank Vaults.
25.10 Ventilation Systems for Storage Tank Vaults.
25.11 Reserved.
25.12 Explosion Control. (Reserved)
25.13 Vents for Tanks Inside Storage Tank Vaults.
25.14 Tank Openings Other than Vents for Tanks Inside Storage Tank Vaults. (Reserved)
25.15 Detection and Alarm Systems for Storage Tank Vaults.
25.16 Inspection and Maintenance of Storage Tank Vaults and Equipment.

Chapter 26 Reserved

Chapter 27 Piping Systems

27.1 Scope.
27.2 Definitions Specific to Chapter 27.
27.3 General Requirements.
27.4 Materials of Construction for Piping Systems.
27.5 Pipe Joints.
27.6 Installation of Piping Systems.
27.7 Testing of Piping Systems.
27.8 Vent Piping.
27.9 Bonding and Grounding.
27.10 Identification and Marking of Piping Systems.
27.11 Special Requirements for Marine Piping Systems.
27.12 Removal from Service of Piping Systems.

Chapter 28 Bulk Loading and Unloading Facilities for Tank Cars and Tank Vehicles
28.1 Scope.
28.2 Definitions Specific to Chapter 28. (Reserved)
28.3 General Requirements.
28.4 Location of Loading and Unloading Facilities.
28.5 Roofed Structures.
28.6 Fire Protection. (Reserved)
28.7 Emergency Control Systems. (Reserved)
28.8 Electrical Systems.
28.9 Containment, Drainage, and Spill Control.
28.10 Equipment.
28.11 Operating Requirements.

Chapter 29 Wharves

29.1 Scope.
29.2 Definitions Specific to Chapter 29. (Reserved)
29.3 General Requirements.

Annex A Explanatory Material
Annex B Emergency Relief Venting for Fire Exposure for Aboveground Tanks
Annex C Temporarily Out of Service, Closure in Place, or Closure by Removal of Underground Storage Tanks
Annex F Fugitive Emissions Calculations
Annex G Management of Security
Annex H Sample Ordinance Adopting NFPA 30
Annex I Informational References
